

# The Greater Lafayette Community Welcomes Aster Place, the Newest American Senior Communities with Open Arms!

In late July of 2015, the cities of Lafayette and West Lafayette welcomed the newest American Senior Communities with open arms. Aster Place provides upscale senior living with service lines that include Garden Homes for Independent Living, as well as Assisted Living and 2 levels of Memory Care Assisted Living inside. We also have a New Energy Wellness fitness program that provides our residents as well as residents of the Greater Lafayette community age 55 and over with a unique fitness program that is designed specifically for seniors.

In the photographs below, you can see much of our team during our Grand Opening & Ribbon Cutting on July 30, 2015. In front, Margie Crooks, General Manager, and Katie Platenga, Aster Place's first resident, are participating in the ribbon cutting that made our community an official piece of the Lafayette landscape. Katie Platenga, Garden Home resident pictured below, has the following to say about Aster Place:

"Aster Place is a wonderful place! There isn't a person I've met that hasn't been kind. Everyone here goes out of their way for the people who live here. It's like a family here, and they made me feel like part of the family since day one. This place keeps me going. I have something to look forward to every day!"
