

I'm Moving Forward

Our Moving Forward program is designed for those striving to restore abilities lost due to stroke, cardiovascular difficulties, orthopedic surgery and other debilitating conditions.

Programs vary in frequency and intensity and include physical, occupational and speech/language therapies.

Our goal is to return our participants home safely with the skills they need to continue life on their own terms.

If you or someone you know may benefit from our Moving Forward Rehabilitation, please give us a call at 812-427-2803, or stop in or your personal tour today!

I'm Suzanne, and I'm **Moving Forward**.

I thought that I knew what kindness and compassion was, but then I went to Swiss Villa Nursing & Rehabilitation and truly learned about kindness and compassion. It didn't matter what the staff had going on they always took time out of their day to help me with whatever I needed. The people at Swiss Villa are incredible and they don't even realize it at times. Whether they were busy or having a bad day, they took care of me and made me feel very special. Even the food was wonderful and helped nourish me back to strength. I would like to thank Swiss Villa from the bottom of my heart for all of the excellent care I received while there. If it wasn't for them, I wouldn't be where I am today!
