Beech Grove Meadows (Assisted Living) Earns Deficiency-Free Rating

Beech Grove, IN — Beech Grove Meadows (Assisted Living) has received a deficiency-free annual state inspection. A perfect, deficiency-free rating is the best state survey score a senior living community can receive, a stellar achievement seldom accomplished by senior living communities.

Operated by American Senior Communities at 130 Albany Way in Beech Grove, this senior living community offers assisted living apartments and garden homes. The Indiana State Department of Health inspects such communities to assess compliance with state standards of care, such as adequacy of staffing, quality of care and cleanliness of the community.

Compassion, Accountability, Relationships and Excellence are the core values for American Senior Communities. “These words not only form the acronym CARE, but they are also guiding principles that lead us every day as we serve a very special generation,” said ASC’s CEO, Donna Kelsey.

“We are so proud of and grateful to our team at Beech Grove Meadows (Assisted Living) for living out these values in an exceptional way,” Kelsey said. “Without this team’s high level of dedication and commitment, a deficiency-free survey would not be possible.”
