### **Bethlehem Woods Nursing & Rehabilitation Earns Deficiency-Free Rating**

**Fort Wayne, IN** — Bethlehem Woods Nursing & Rehabilitation has received a deficiency-free annual state inspection. A perfect, deficiency-free rating is the best state survey score a senior living community can receive, a stellar achievement seldom accomplished by senior living communities.

Operated by American Senior Communities at 4430 Elsdale Drive in Fort Wayne, this senior living community offers Long-Term Care, Memory Care, Short-Term Rehabilitation, Respite and Hospice care. In addition, the community is contracted with the Veteran's Administration to proudly serve our veterans. The Indiana State Department of Health inspects such communities to assess compliance with state standards of care, such as adequacy of staffing, quality of care and cleanliness of the community.

Compassion, Accountability, Relationships and Excellence are the core values for American Senior Communities. "These words not only form the acronym CARE, but they are also guiding principles that lead us every day as we serve a very special generation," said ASC's CEO, Donna Kelsey.

"We are so proud of and grateful to our team at Bethlehem Woods Nursing & Rehabilitation for living out these values in an exceptional way," Kelsey said. "Without this team's high level of dedication and commitment, a deficiency-free survey would not be possible."

For more information about Bethlehem Woods Nursing & Rehabilitation call the community at (260) 485-8157 or visit the website at [ASCCare.com](http://ASCCare.com).
