Bethany Village Assisted Living Earns Deficiency-Free Rating

Indianapolis, IN — Bethany Village Assisted Living has received a deficiency-free annual state inspection. A perfect, deficiency-free rating is the best state survey score a senior living community can receive, a stellar achievement seldom accomplished by senior living communities.

Operated by American Senior Communities at 3530 Shelby Street in Indianapolis, this senior living community offers assisted living apartments. The Indiana State Board of Health inspects such communities to assess compliance with state standards of care, such as adequacy of staffing, quality of care and cleanliness of the community.

Compassion, Accountability, Relationships and Excellence are the core values for American Senior Communities. “These words not only form the acronym CARE, but they are also guiding principles that lead us every day as we serve a very special generation,” said ASC’s CEO, Donna Kelsey.

“We are so proud of and grateful to our team at Bethany Village Assisted Living for living out these values in an exceptional way,” Kelsey said. “Without this team’s high level of dedication and commitment, a deficiency-free survey would not be possible.”
