

American Village Therapists Recognized

ASC is proud to offer an array of therapy services to its residents, its rehabilitation patients, and in some locations, to members of the surrounding community. The American Village Therapy Department was recognized during the annual ASC Director of Therapy Retreat, held in May of 2022 in Franklin, IN. Janae Woodson received the Accountability Award, Russell Watkins Jr was recognized as the Health Promotions Coordinator of the Year, and Jonel Yap was named Physical Therapist of The Year!

American Village offers short-term rehabilitative therapy, designed for those striving to restore abilities due to stroke, cardiovascular difficulties, orthopedic surgery and other debilitating conditions with the goal of helping participants return home safely following a hospitalization with the skills they need to continue life on their own terms. The community also offers Physical therapy, occupational therapy, and speech/language therapy as well. For more information on American Village or any of ASC's communities visit ASCCare.com.
