The Commons at Honey Creek Earns Deficiency-Free Rating

Terre Haute, IN — The Commons at Honey Creek has received a deficiency-free initial State Residential Licensure inspection by the Indiana Department of Health. A perfect, deficiency-free rating is the best state survey score a senior living community can receive, a stellar achievement seldom accomplished by senior living communities. The Indiana State Department of Health inspects such communities to assess compliance with state standards of care, such as adequacy of staffing, quality of care and cleanliness of the community.

Now Indiana owned and operated by American Senior Communities located at 450 E Crossing Blvd in Terre Haute, this senior living community offers Assisted Living Apartments, Memory Care Apartments, Respite Care and Outpatient Therapy. The Commons at Honey Creek is now able to offer services and amenities to the surrounding community meeting all licensure requirements by Indiana State Department of Health. The Commons at Honey Creek welcomes private pay, Long Term Care insurance and VA Aide and Attendance benefits.

Compassion, Accountability, Relationships and Excellence are the core values for American Senior Communities. “These words not only form the acronym CARE, but they are also guiding principles that lead us every day as we serve a very special generation,” said ASC’s CEO, Donna Kelsey.

“We are so proud of and grateful to our team at The Commons at Honey Creek for living out these values in an exceptional way,” Kelsey said. “Without this team’s high level of dedication and commitment, a deficiency-free survey would not be possible.”

For more information about The Commons at Honey Creek call the community at (812) 298-8209 or visit the website at ASCCare.com.
