Fort Wayne Senior Community Receives Perfect Survey from Indiana Department of Health

Fort Wayne, IN, April 10, 2025 – Heritage Park Commons, a member of American Senior Communities (ASC), has received a deficiency-free annual state inspection from the Indiana State Department of Health.

A deficiency-free rating is the highest score a senior community can receive, with only a small percentage of senior care communities achieving this rating each year. Communities are assessed on their staff to patient ratio, cleanliness, compliance with state and federal regulations, record keeping, safety measures, dietary practices, and overall quality of care. Surveys are conducted by inspectors during unannounced visits. In addition to their inspection, they often conduct interviews with residents, family members and staff.

American Senior Communities CEO, Steve Van Camp, shared, “The staff at Heritage Park Commons have shown that through close collaboration and constant adherence to our core values and standards of excellence, they are deserving of this recognition. We are proud of their accomplishment and congratulate every team member for providing excellent care to residents and their families.”

About Heritage Park Commons: A member of American Senior Communities and Indiana owned and managed, Heritage Park Commons is located at 2002 Heritage Park Drive in Fort Wayne, IN offering Independent Living Garden Homes, Assisted Living Apartments, Respite Care, and Outpatient Therapy.
