Meadow Lakes in Mooresville Receives Perfect Annual Survey from Indiana Department of Health

MOORESVILLE, IN (June 16, 2026) – Meadow Lakes, a member of American Senior Communities, has earned a deficiency-free annual state inspection from the Indiana State Department of Health for their assisted living services. A deficiency-free survey is the highest rating a senior care community can achieve and is achieved by only a very small percentage of senior care providers each year.

Since 2006, Meadow Lakes has proudly served the Mooresville community, providing compassionate care and creating a welcoming environment for seniors and their families. This latest achievement reflects the community's ongoing commitment to maintaining the highest standards of quality, safety, and resident satisfaction.

Senior care communities undergo unannounced inspections conducted by the Indiana State Department of Health each year. These thorough evaluations review multiple aspects of operations, including cleanliness, regulatory compliance, resident and staff safety protocols, dietary services, recordkeeping, staffing levels, and overall quality of care. Inspectors also incorporate feedback from residents, their families, and team members to ensure a comprehensive and balanced assessment.

American Senior Communities CEO Steve Van Camp shared, “A deficiency-free survey is an extraordinary accomplishment and one that reflects the heart of a community. At Meadow Lakes, our team members bring compassion, professionalism, and purpose to their work every day, creating a place where residents feel respected, supported, and truly at home. Having served the Mooresville community for two decades, this recognition speaks to the culture of excellence they have built and sustained. We are incredibly proud of this team and grateful for the trust residents and families place in them each day.”

Meadow Lakes Executive Director, Mac McCallum said, “While we are incredibly proud of this achievement, what I celebrate most are the people behind it. Every day, I witness team members going above and beyond to make a difference in the lives of our residents, whether through a kind word, a helping hand, or simply taking the time to listen. This deficiency-free survey validates the culture of care that exists throughout our community. For nearly 20 years, it has been our privilege to serve Mooresville families, and we remain committed to providing the highest level of care, comfort, and support to those who call Meadow Lakes home.”
