## Indiana State Department of Health Awards Coventry Meadows Assisted Living 100% Perfect Survey for Fifth Consecutive Year

**Fort Wayne, IN (August 13, 2026)** – [Coventry Meadows Assisted Living](#), a member of American Senior Communities, has once again achieved the highest possible outcome on its annual survey conducted by the Indiana State Department of Health (ISDH), earning a **100% deficiency-free rating for the fifth consecutive year.**

The achievement places Coventry Meadows Assisted Living among a select group of senior living communities able to demonstrate this level of consistent performance year after year. Maintaining a deficiency-free survey for one year is an accomplishment; sustaining it for five consecutive years reflects an extraordinary commitment to quality, safety and resident-centered care.

A 100% [deficiency-free rating](#) is the highest rating a community can receive and indicates that the community is meeting or exceeding Indiana's regulatory standards. During the annual inspection, state surveyors conduct a comprehensive review of operations and resident care, including staffing, safety practices, resident rights, cleanliness, infection prevention and control, medical records, policies and procedures, and the quality of services provided. Surveyors also speak directly with residents and family members to gain insight into their experiences and quality of life.

**“Achieving a 100% deficiency-free survey once is something to celebrate. Achieving it five years in a row is a powerful reflection of who this team is and the standards they hold themselves to every day,” said Steve Van Camp, CEO of American Senior Communities.** “This accomplishment isn’t about preparing for a survey; it’s about creating a culture where quality, safety, dignity and exceptional service are part of the everyday experience for our residents. The Coventry Meadows Assisted Living team continues to demonstrate that excellence is not a destination; it is a commitment renewed every day.

We are incredibly proud of this team and honored to celebrate this remarkable fifth consecutive year of excellence with them.”

This achievement is a testament to the dedication of the entire Coventry Meadows Assisted Living team and their commitment to providing residents with a safe, welcoming environment where they can thrive. Through teamwork, accountability and a genuine passion for serving older adults, the team continues to set a high standard for quality senior care in the Fort Wayne community.
