Todd-Dickey Nursing and Rehabilitation Receives Perfect Survey from Indiana Department of Health

Leavenworth, IN – Todd-Dickey Nursing & Rehabilitation, an American Senior Communities (ASC) community located at 712 W. 2nd Street in Leavenworth, has successfully completed its annual Indiana State Department of Health (ISDH) survey with a perfect score.

The deficiency-free survey represents the highest level of compliance a senior living community can achieve during an annual state inspection. Each survey evaluates a range of operational and care standards, including cleanliness, staffing, resident care and compliance with state and federal regulations. Only a small percentage of Indiana senior communities achieve a deficiency-free survey in any given year.

Todd-Dickey Nursing & Rehabilitation provides a range of services designed to meet residents' changing needs, including Short-Term Rehabilitation, Memory Care, Long-Term Care, Respite Care and Hospice Care.

The community's achievement reflects its ongoing commitment to ASC's mission of serving others through **Compassion, Accountability, Relationships and Excellence (CARE)**. These values guide the work of ASC team members as they provide care and support to residents and their families each day.

In addition to this perfect survey, Todd-Dickey was recently honored by the American Health Care Association and the National Center for Assisted Living with the prestigious Gold Award in their annual [National Quality Award Program](#). Todd-Dickey is the only Indiana senior living community to receive this award and was one of only two senior living communities in the United States to be recognized with gold in 2026.

“Achieving a deficiency-free survey is a meaningful reflection of the standards this team sets for itself every day,” said **Steve Van Camp, CEO of American Senior Communities.**

“What stands out most is the consistency behind this accomplishment, the attention to detail, the pride in their work and the genuine commitment to doing what is right for the people they serve. We are proud to recognize the Todd-Dickey team for this outstanding achievement and the care they provide to their residents every day, as well as their amazing accomplishment winning the Gold Award this year. Both of these honors are well deserved.”
